LEE GOES TO HAVANA

Will Be Sent to Occupy the Place When Peace Comes

WILL BE GIVEN A CHANCE TO AVENGE BLANCO'S INSULTS

Washington, Aug. 12—Special—The ambition of Gen. Fitzhugh Lee to occupy Havana with United States troops may yet be gratified, but he will not enter the city through avenues deluged with blood. He will in all probability be placed at the head of the force sent to take formal possession of the city upon its evacuation by Blanco. He wants to get there in time to bid his old enemy goodbye. Although it will doubtless be "his busy day" he will take time to see the captain general, bereft of his honors, set sail for Spain.

Hostilities Cease.

Washington, Aug. 12—Special—A cessation of hostilities has been ordered in Cuba, Porto Rico and the Philippines pending the negotiations of peace. The armies and navies will occupy their present positions, and will be ready to resume operations at any moment if there should be a failure in the negotiations. All the troops now in Cuba will be needed there for a year or more, and perhaps more may be sent to guard against Spanish treachery or Cuban turbulence. It will take several months to transport the 100,000 Spanish soldiers now on the island back to Spain.

A Bloodless Campaign.

Washington, Aug. 12—Special—Only two American soldiers have been killed during the invasion and conquest of Porto Rico. These were killed during a skirmish on Rosario river last week and belonged to Gen. Schwan's command. Such a record is without parallel in history. The Spanish loss in killed has been much greater, but when the importance of the campaign is taken into account has been inconceivable. The war in that island has been almost a bloodless one.

Cambon Ready to Sign.

Washington, Aug. 12—Special—At 11 o'clock an attaché of the French embassy stated that authority for M. Cambon to sign the protocol had not been received. It is expected, however, during the day. M. Cambon is ready to go to the state department as soon as authorized to sign the document. It will hardly be signed until afternoon, owing to the necessary delay in translating the dispatch.

Three Commissions.

Washington, Aug. 12—Special—It is learned that the protocol, which it is expected will be approved today, provides for three commissions, one to arrange for the surrender of Cuba and another for the surrender of Porto Rico, in addition to the main commission, which will meet in Paris. Judge White, of the supreme court, is now mentioned as a member of this body.

An Accomplished Fact.

Madrid, Aug. 12—Special—Premier Sagasta, on leaving the palace this afternoon, said peace was an accomplished fact. If the protocol had not been signed, he had nevertheless actually received diplomatic congratulations upon its having been disposed of.

To Take a Vacation.

Washington, Aug. 12—Special—The president is preparing for a much needed rest as soon as the finishing touches are put on the peace document. He will go to some quiet mountain resort.

A Little Skirmish.

Ponce, Aug. 12—Special—Some shooting was reported at Coame today, the Spaniards having attacked the American outposts, but no damage was done. The outpost position is impregnable.

Returning Veterans.

Montauk, L. I., Aug. 12—Special—Transports bearing the first detachment of the Santiago veterans are expected to arrive this evening.

ONE OF THE U. S. PEACE COMMISSIONERS.

JUDGE EDWARD D. WHITE, of Louisiana.

WAS ONCE IN BONDAGE

Death of a Former Slave Who Has Resided in Beloit Ever Since the War.

Beloit, Wis., Aug. 12—[Special]—Sam Davis, a colored man, and a well known character of this city, died today. He was a slave, and came here with Dr. H. B. Strong, when the war was over. He was a very old man.

OSHKOSH STRIKE IS OVER

Factories Have All Resumed Work and Everything Is Quiet.

Oshkosh, Wis., Aug. 12—The backbone of the woodworkers' strike has been broken in the Sixth ward.

After the Morgan riot the factory men who live in the Sixth and had been working, became so scared from the threats of the strikers in that locality that they did not dare to leave their homes and families unprotected or continue work. In the last few days, however, conditions seem to have returned to the normal and non-striking woodworkers have plucked up courage and are returning to the factories in increasing numbers. During the present week all the factories but Foster's have run without incident and with steadily enlarging crews.

The examination of Thomas I. Kidd has been adjourned to next Wednesday at the request of the district attorney. It is the general understanding that when Mr. Kidd puts in an appearance here he will be arrested on warrants said to be in the hands of Sheriff Lampert. A manufacturer is authority for the statement that the sheriff has eight or ten warrants in readiness to serve, one at a time, on Mr. Kidd as quickly as the latter secures his release after each arrest. The opinion seems to be that the sureties for Mr. Kidd will be exhausted after the labor leader has been arrested several times, and that his commitment to jail will follow.

Along with the hearing of Thomas Kidd come those of George Zentner and Mike Troiber, arrested on the same charge as Kidd, and who are out on \$2,000 bail each. P. T. Grimes, of Chicago, treasurer of the Amalgamated Woodworkers' union, is in the city looking after the interests of the strikers.

VIOLATING THE GAME LAWS

Hunters Are Shooting Prairie Chickens During the Closed Season.

Farmers residing in the vicinity of Hanover and Leydon have made complaint in town of late, charging several local hunters with violating the game law in reference to shooting prairie chickens out of season. According to the state law no one is allowed to hunt chickens until September 1. With several well known local hunters this law does not seem to have cut much figure of late, for with dogs and guns they have been everlastingly at it for several days past, killing both old and young game.

Last Sunday two parties returned to this city with the bottom of their buggy covered with game. Arrests may follow.

DECKER COMMENCES SAMPLING

A Two Thousand Case Lot to Be Tasted.

At the John Decker leaf tobacco warehouse on Milton avenue this morning, was commenced the task of sampling 2,000 cases of tobacco. The goods to be handled are all stored in Mr. Decker's warehouse, and is leaf of the '97 crop. About a dozen men are engaged in the work of sampling, and it will take about a week before the job is completed.

Mr. Decker is one of the city's largest and most careful dealers, and there is little doubt but this 2,000 case lot is fully up to the standard of crops handled by him in the past.

WEATHER FORECAST.

Chicago, Aug. 12—[Special]—Forecast for Wisconsin:

Fair tonight and Saturday, warmer.

GAME WITH THE INDIANS TODAY

Local Base Ball Players Are Trying Conclusions With the Algonquins.

At Athletic park this afternoon a fair sized crowd congregated for the purpose of witnessing the base ball game between the Algonquin Indians and the Y. M. C. A. team. One would naturally suppose that by the former's name they were full blooded descendants of the red man, but those who went to the park this afternoon expecting to see Indians were disappointed.

The team is composed of young men from northern Illinois who are making a tour of the state. The Indians are the champions of McHenry and Lake counties, Illinois. They are a strong team, among the members being players from the Southern, Western and Texas leagues and Western association.

For the home team this afternoon Young, of Rock Island, and McMaisters formed the battery. Bobby Warner, a former member of the Rockford team, played with our boys, doing good work on third base.

WILL HOLD A PENNY SOCIAL

Christian Endeavor Society Will Meet with the Misses Kirk.

Members of the Christian Endeavor society of the Presbyterian church will meet this evening with the Misses Kirk, at their home, 304 Glen street. The meeting will be in the nature of a penny social, and each one attending is supposed to bring along a bright new-made copper.

This well known society, which has a roll of about sixty active members, is constantly doing good in many different ways. The members have proved themselves useful in many an emergency in behalf of their church. Light refreshments will be served this evening, and a good time is in store for all who attend.

EARNED A BOX OF CIGARS.

Otto Schlicker's Promptness in Turning in an Alarm Saved Heavy Loss.

Otto Schlicker, an engineer on the Chicago, Milwaukee & St. Paul road, first observed the fire at the gas works this morning, and leaving his engine turned in an alarm which brought the fire department to the spot in time to save the works from destruction. As a reward for his prompt action the gas company sent him a box of fine cigars this afternoon. This is the third alarm Mr. Schlicker has turned in this summer, great loss of property having been prevented in each instance. He is evidently a good man to have around when the fire bell is hovering near.

SUPPLIES FOR THE SOLDIERS

The Soldiers' Aid Society Asks Contributions of Necessary Articles of Comfort.

Word having been received from Jacksonville that a large number of Co. A are sick, and that there is a scarcity of hospital supplies, the Soldiers' Aid society has decided to ask the ladies of Janesville and all friends interested in the soldiers, for contributions of the following named articles to be left at Palmer & Sarasy's drug store, before Wednesday, August 17, to be forwarded to the hospital at Jacksonville on that date: Sheets, pillow slips, pillow ticks, towels, sponges, night shirts, and old linen.

Mrs. L. L. FLETCHER, Sec'y.

Parliament Prorogued.

London, Aug. 11—[Special]—Parliament was prorogued today. The queen's speech contained nothing of importance.

PROTOCOL ACCEPTED

M. Cambon Receives Authority to Sign the Document

CESSATION OF HOSTILITIES ALL ALONG THE LINE ORDERED

Washington, Aug. 12—Special—The protocol was signed at 4:32 this afternoon.

Washington, Aug. 12—Special—The president has ordered Secretaries Alger and Long to notify Merritt, Shafter, Dewey and Sampson and other commanders that the peace protocol has been signed, and to cease all hostilities forthwith.

Washington, Aug. 12—Special—The dispatch authorizing the French ambassador to sign the protocol looking to a cessation of hostilities between Spain and the United States began to arrive at the embassy at 1 o'clock. The full text is expected in a short time. The cipher will be translated into French, and then into English, and then be submitted to the president and Secretary Day. It is assured in the light of press dispatches from Madrid, that the message conveyed the reported authority for M. Cambon to act on Spain's behalf. The message, however, is long, and this occasions some surprise.

Spain's Surrender.

Washington, Aug. 12—Special—The action of the Madrid government in unreservedly accepting the conditions imposed by President McKinley practically ends the war with Spain. Orders have already been sent to commanders in the field to suspend all aggressive movements pending a final settlement of the questions at issue between the two governments. It is now thought that no question can arise that will prevent the consummation of peace, yet it is not proposed to disband any of the armies or to relax vigilance until matters have gone so far as to be beyond recall. There is yet a feeling of distrust in Spain's sincerity—a belief that she will take advantage of some technicality to circumvent the purposes of the United States. But she will not find this government unprepared. She will be held to the letter of her agreement in all things.

Offensive Operations to Cease.

Washington, Aug. 12—Special—The president up to 10 o'clock this morning had received no official communication as to the action of the cabinet council held at Madrid yesterday in agreeing to the protocol drawn up by Secretary Day Wednesday. It is confidently expected that the signatures on behalf of the United States and Spain will be affixed today, and the provisions of the protocol at once put in operation. The results will be an immediate cessation of hostilities, the occupation of Manila by Gen. Merritt, and of San Juan by Gen. Miles. There will be delay in the evacuation of Havana and other strongholds in Cuba. It is stated on good authority that Secretary Day will be placed at the head of the peace commission and two senators will be members.

A Difficult Task.

Washington, Aug. 12—Special—The work to be done by the peace commission is now under consideration. The commission will hold its first meeting in Paris. So difficult is the problem regarded that it is thought the commissioners will be obliged to visit the islands personally to investigate conditions. How to govern Cuba will cause the administration much embarrassment, but Porto Rico is our territory, and will be subjected for the present to a military government. The same plan may be adopted in Cuba temporarily.

A Victory For Diplomacy.

Paris, Aug. 12—Special—A Madrid dispatch says the efforts of the Spanish government will now be directed toward preventing a domestic outbreak. A proclamation will be issued portraying in the most favorable way the terms with the United States for the practical conclusion of the first part of the peace negotiations. It is accepted as a great victory for French diplomacy.

France Is Notified.

London, Aug. 12—Special—A Paris dispatch says the French foreign office has been notified of Spain's acceptance of the protocol.

On examination it was found the patient had ruptured a blood vessel. The writer as well as others should profit by this.

Atton.

Atton, Aug. 12.—Our fellow townsman and neighbor, Frank P. Starr, was successful in his race for the nomination as county clerk on the republican ticket, the honor going to him on the first formal ballot. His friends feel very much elated over his success, for they consider a republican nomination in "Old Rock" equal to an election. Joseph B. Humphrey attended the congressional convention at Elkhorn last Wednesday, as one of the Rock county delegation. William J. Miller unloaded a carload of lumber for his new barn last Wednesday. Work is progressing nicely on the new barn in course of erection at Oakwood farm. The name of our popular creamery proprietor, William Brinkman, is being coupled with the nomination for sheriff on the county democratic ticket. His many friends would like to see him thus honored. Mrs. Eva Lyman and son Ross of Juda, Wis., are spending a few days as the guests of J. B. Humphrey. They are just returning from a visit with Iowa relatives. Superintendent Throne conducted a teachers' examination at the school building here on Tuesday and Wednesday of this week.

REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15.

To the Republican Electors of Wisconsin:
By direction of the State Central Committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention. In accordance with resolution recommended by the state convention and formally adopted by the State Central Committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district convention. In counties having one assembly district, delegates shall be elected by county convention. The names of the delegates so elected shall be certified in the State Central Committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election.

Special attention is hereby called to the fact that all conventions to elect delegates to the state convention must be called on a notice of not less than four weeks; all town or ward conventions as primaries or district conventions on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be given in the usual manner.

As the State Central Committee acts as the Committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county assembly district convention, be forwarded to the secretary of the Republican State Central Committee headquarters in Milwaukee, immediately upon their election; in every case giving the names in full and postoffice address.

EDWIN D. COB, Chairman.
JOHN M. EWING, Secretary.

Back county will be entitled to 33 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13.

GOV. SCOFIELD LEADS.

At no time since the canvass began has there been any doubt but what Gov. Scofield will head the republican ticket this fall, and the fact is now doubly certain. Up to Thursday night Gov. Scofield had 457 delegates, and La Follette 233, with 10 doubtful. In the same districts two years ago the race was so close that the contestants were but two votes apart. These figures show that the sentiment in favor of Gov. Scofield has grown during his administration, and that Mr. La Follette has lost ground. Gov. Scofield now has nearly three times as many delegates as he had in the same district two years ago. He will go into Milwaukee county with more than one thousand votes to spare, and the La Follette men who do not let their enthusiasm warp their judgment admit that there chance for their candidate is very small. They are compelled to acknowledge that Gov. Scofield has made large gains since the last campaign.

Yesterday morning's papers gave the news that Governor Scofield had won a majority of the delegates at Madison, Mr. La Follette's home city. Scofield delegates were named without opposition in the first assembly district of Jefferson county. The Sheboygan Falls district convention elected Scofield delegates, while the Sheboygan county Third district convention instructed its delegation for him. Monroe elected delegates favoring the governor, as did also the Waupaca convention. In St. Croix county the contest was close, but it is believed that the delegates will stand by the governor. La Follette got delegates in but one convention held yesterday—Columbia county—while in Washburn the delegation was equally divided.

Governor Scofield will surely be re-nominated, and all indications point to the fact that his majority will be large enough to be decidedly decisive.

Rev. O. P. Christian, of Milwaukee, announces that he will retire from the "wholesale marrying business" as The Sentinel puts it. He says the subject is one of conscience, and a good many people will take the same Christian view of the matter.

Joseph M. Nowak, a lawyer of Cleveland, after ten years of married life divorced his wife and married her seamstress. Then he divorced the seamstress and remarried his first wife. In less than a year they were again divorced and now Nowak has

married the seamstress once more. It is a good thing that he is a lawyer. Otherwise he would hardly know "where he was at."

The Milwaukee Sentinel says Congressman Cooper got a "handsome endorsement" from his constituents. The Sentinel speaks the truth. Mr. Cooper may well be proud of the good will evinced at the Elkhorn convention.

Rev. Dr. Malsey was cleared of the charges made against him, after a searching investigation and comes out of the ordeal unscathed. The result was just what his many Janesville friends expected.

The Milwaukee Journal begins a long editorial on the future of the Wisconsin Democracy with the statement, "It may as well be conceded that Gov. Scofield will be re-nominated."

The splendid testimonials of the regard in which Rev. Father Roche is held by his congregation are compliments to both pastor and flock. Only good can come of such perfect accord.

They are lynching negroes at wholesale down in Arkansas these days. Five were hanged at once at the last solace.

The Milwaukee saloonkeepers have given up the fight on the brewers. The keg was mightier than the schooner.

The Philippine insurgents are about the same as the Cuban insurgents—worthless breeders of trouble.

Corea will adopt the gold standard, thus insuring the stability of the national financial system.

The statement that Paderewski had lost two fingers is denied. Now let the war be resumed.

Commodore Sampson and Sobley will both be made rear admirals. Good.

Gov. Scofield's lead on the opposition is growing daily.

The Milwaukee caucuses are being held today.

TWO CANDIDATES ARE NAMED

John J. Each in La Crosse and James H. Davidson in Oshkosh District.

La Crosse, Wis., Aug. 12.—John J. Each of this city was unanimously nominated by the seventh district republicans here yesterday to succeed Congressman Michael Griffin. General Griffin had been defeated at the primaries, carrying a little more than a third of the delegates, and he decided not to carry the fight into the convention. His opponents claimed that when renominated two years ago he had promised not to seek another term. This he denied, but the argument was used with forceful effect.

Oshkosh, Wis., Aug. 12.—James H. Davidson was renominated for congress by acclamation here yesterday by the sixth district republicans. The only opponent of Mr. Davidson was Charles Russell of Berlin.

He made a speech in favor of S. A. Cook of Neenah for United States senator, and was ruled out of order.

Edgerton Reporter Pays Attorney Henry S. Sloan a Compliment.

This week's issue of the Wisconsin Tobacco Reporter, published at Edgerton, says:
"Henry S. Mr. Sloan is a son of Hon. I. C. Sloan, an attorney of state reputation, and will enjoy the counsel and assistance of his father in his practice. Socially the Sloans will be a desirable addition to Edgerton society, and we extend a cordial welcome to them."

Mackin Who Was Stabbed Sunday Night Cannot Appear to Prosecute

When the case of the State of Wisconsin vs. Edgar Porter is called in the municipal court tomorrow an adjournment will be taken on account of James Mackin, the injured lad being unable to appear. His condition today was such as not to allow him to appear and the attending physicians stated this afternoon that it will be several days yet before he will be able to go into court to testify.

Porter is now anxious to have the case come to trial as he deems it lost time to stay in jail.

SMALL LOTS ARE BEING PICKED UP BY BUYERS

Prospects of This Year's Crop Are Quite Favorable—Harvest Has Begun In Some Fields—Eastern Men Control the Market Hereabouts

Edgerton, Wis., Aug. 12.—The remnants of old leaf remaining in the growers' hands is moving but sparingly nowadays. Buyers have pretty generally withdrawn and only an occasional transaction is reported. What little there is left is held at strong prices and beyond what most dealers feel at liberty to meet.

Packers report a brisk inquiry after cured stock and some goods are being disposed of at very fair prices. T. E. Welton, of Janesville, is reported having sold a 100 case packing of '07 to Kutteneaver of Detroit and H. N. Hegard, of Orfordville, 200 cases to Miller. Sampling of the '07 has already commenced and the goods are showing up with very little damage and meeting the expectations of dealers regarding quality.

New Crop Promises Well.

The new crop is coming along quite satisfactory in all the growing sections. The great bulk has now been topped, and harvest commenced on the more forward fields. The leaf is large and spready, fully up to the average as to soundness and maturity. Shipments out of storage reach about 400 cases to all points from this station during the week. Since last report 700 cases of cigar leaf were exported from New York.

Eastern Buyers Control.

A feature of the movement of the '07 tobacco crop is that a few large operators practically control the crop. This is strictly brought to notice in the fact that but two firms own nearly one-third of the entire product grown in our state last year. The writer spoke of the enormous holdings of the firm of Sutter Bros., Chicago and Philadelphia a few weeks ago whose purchases at that time reached above 15,000 cases, in connection with their purchase of a 5,000 case packing of Vernon county leaf. The second largest purchaser of '07 leaf is Mr. Charles L. Culton of Edgerton, whose holdings up to the present time exceed 18,000 cases.

MUCH SICKNESS PREVAILS IN CAMP

RANKS OF JANESVILLE COM- PANY BADLY DECIMATED

Nearly All of the Boys Are Ailing and Few Are Fit For Duty—The Hospital Fund Is Exhausted—Convalescents Crave Many Things Beyond Their Reach.

Camp Cuba Libre, Jacksonville, Fla., Aug. 9.—Your correspondent has had to join the ranks of the sick men for the past few days, and does not see just what items of news he can write, "being as how" he has been off duty and away from news items.

The sick have been fairly deluging the hospital from this command, the last few days, and only one has returned to us for some little time.

The convalescents must go back or have gone back, for in spite of all of our efforts, our attention cannot be given them. One thing they all long for is milk. It is very scarce, and a man is in luck if he has his tin cup filled once a day.

It is nothing unusual to see men, sick for days with a fever, during the hot hours of 103 degrees, staggering through the high, wet grass to a top of a passing milkman and pay ten cents a quart for a portion of the fresh milk.

But those who haven't given up, jolly round, cheer up, and do what they can for the sick.

A change has been in our kitchen. Private Butterfield and Tourley will hereafter answer as regular cooks. Private Greenleaf, who has been cooking for the colonel's mess will be returned to us soon and with these three, the kitchen should be a howling success.

Private Flint is doing L. M. Hill's work during his illness. Sgt. Hill's name, through an incorrect report handed me, was published as one of those who was to be examined for discharge. This should be corrected.

Hill is convalescent and only a bit weak yet and swears by all that is good and glorious that he is fast getting to be the best man in the company.

Corporal Nott, Nurse Brozman and Private Egar are busy elevating their tent about three feet from the ground. These tents are getting beautifully old. As I write, a heavy storm of rain and wind is doing its best to raise havoc with us.

Sergeant Thom finds his convalescence much aided by the kindness of down town friends, who have taken him into their home all the time that he can get away.

The hospital fund is exhausted. A report of how the money was spent has gone to the Women's association, of Janesville.

Regiment after regiment of troops continue to arrive, and this is now a very large camp. Sunday down town at 7 p. m., restaurants and fruit stores closed their doors. Such a day Jacksonville never had; soldiers, soldiers, everywhere.

The local police look after citizens, and the provost guard preserve order among the soldiers.

It has been generally a remarkably good camp; but some of the newer regiments have a hard reputation. The opinion continues with us all that we are booked for Cuba, as troops of occupation in the fall.

WISCONSIN NATIONAL BANKS

Individual Deposits Increase, While Reserves Show a Small Decline.

The statement of the condition of the National banks of Wisconsin, exclusive of Milwaukee, at the close of business July 14, was made public on Thursday. Compared with the previous report in May it is shown that the banks have materially strengthened in loans and discounts and individual deposits, while a slight reduction is noted in the average reserve. The loans and discounts in May were \$21,507,004, whereas according to the current statement the loans and discounts have increased to \$22,031,033. Individual deposits have increased from \$25,347,020 in May to \$25,961,493, while the average reserve held by the banks has dropped from 35.95 per cent in May to 33.94 per cent. The present holdings in gold coin aggregate \$1,448,268, an increase of more than \$20,000 since the last report. The issuance of national bank notes has increased from \$1,901,440 in May to \$2,005,325.

WRITES ABOUT CARNATIONS

Janesville Editor Has an Article in a Periodical Devoted to Flowers.

John Downs, of this city, who conducts the green house on Prospect avenue, has contributed a lengthy article on "Carnations" which will be found in next week's issue of the Florist's Exchange, a weekly publication issued in New York.

In all matters pertaining to flowers this publication is supposed to be authoritative, and the Janesville boy is to be congratulated upon being able to contribute to its columns. Mr. Downs, although a young man, has spent some years in the study of flowers, and his many local friends will be pleased at his success in this line.

APPEAL IN THE FIREBUG CASE

DETECTIVE HARKIN CANNOT COLLECT HIS VERDICT

Mr. Woodward Has Taken an Appeal And Will Fight the Claim to the Bitter End—Youthful Gamblers Arraigned in the Municipal Court and Held For Trial.

An appeal to the circuit court of Rock county was taken this morning in the case of Michael Harkin vs. A. Woodward.

Thus it will be seen that this celebrated case is far from being ended, and that the higher courts will now take a hand in determining whether or not Mr. Harkin is entitled to the judgment of \$203.71 that was given him in the municipal court of Rock county on August 3.

The defendant in the above entitled action is one of the most prominent and wealthiest men in Rock county. For several years past he has made Clinton his home. The plaintiff in the action is a detective who makes Kenosha his home.

Harkin claims that Woodward hired him to ferret out the Grebing Folson at the time he was creating havoc in Clinton. According to Harkin's story he was to receive \$225 from Woodward for his services, but Woodward refused to pay him, claiming that the charges were excessive.

The case was taken before the municipal court in this city, and on August 3 the plaintiff took judgment by default, the defendant failing to appear when the case was called.

Woodward then entered a general denial, and the appeal taken this morning to the circuit court plainly indicates that he intends to fight the payment through to the bitter end.

They Were Shooting Craps.

Joseph Delaney, Daniel Ennis, Mott Zimmerman, Arthur Cullen and Morris Dalton, five youths who seem to have the gambling fever, were arraigned in the municipal court at 9 o'clock last evening to answer to the charge of gambling. Chief Hogan was in charge of the prosecution, and to the court he gave a brief but pointed outline of why the boys were arrested, stating that on several occasions they were seen in the Fourth ward park "shooting craps."

In other words they were gambling among themselves throwing dice.

The boys acted very meekly, when before the court, and had but little to say. All pleaded guilty, although one qualified his admission of guilt by informing the court that he did not play but a little. All of the defendants asked to have their case adjourned until Thursday of next week, August 18, at 9 o'clock a. m. In the meantime they are to remain in the custody of Chief of Police Hogan. Three more of the same gang will be brought into court, and their cases will be continued to the same day.

YEARLING GOLFERS SEEK OLDER PREY

INTERESTING MATCH AT BUCK- LETON LINKS

Mixed Foursome For Prizes Arouses Lively Competition—Mr. and Mrs. Charles L. Fifield Win First Place and Miss Helen Nash and Mark Bostwick Followed Close.

The older golfers met the "yearlings" on Buckleton links this afternoon in a team match. Handicaps were arranged to even matters up as far as possible, and the match brought out good golf.

Much interest centered in the outcome of the mixed foursome played at Buckleton links yesterday afternoon. The match was played over a special six-hole course, and the surprising feature was the low scores made by some of those receiving liberal handicaps. The first prize, a ladies' gold scarf pin, was won by Mr. and Mrs. Charles L. Fifield, with a score of 45 with a 16 handicap. The second prize, golf balls, was won by Mark Bostwick and Miss Helen Nash, with a score of 47 and a 15 handicap, and the third prize, golf balls, by Edward V. Whiton, Jr., and Miss Agnes Shumway. After the game dinner was eaten on the club house porch. The scores made in the foursome follow, the gross and net score and the handicap allowance being given:

	Gross	Net
Miss Kent and Al Schaller	45	3
Mr. and Mrs. F. E. Fifield	45	46
Miss Schicker and H. L. Full	40	10

IS APPROVED BY SPAIN.

M. Cambon Instructed to Sign the Protocol.

CABINET NOT UNANIMOUS.

Crisis Is Not Looked For in the Spanish Cabinet—Peace Commissioners on Both Sides Will Be Appointed at Once—Hostilities to Cease.

Madrid, Aug. 12.—The government has received the protocol; the cabinet council rose at 9:40 last night, having approved it.

The government has wired M. Cambon empowering him to sign the preliminaries of peace.

Though the text of the protocol was not received until Thursday was well advanced, the government had been made fully acquainted with its contents through Paris.

The matter was practically settled at the cabinet meeting in the afternoon and the receipt of the actual document, therefore, only required a meeting of the cabinet for a formal acceptance.

Ministers adhere to the statement that the protocol contains no modification of the original terms, but only new suggestions. They expect it will be signed at Washington today and that a suspension of hostilities will be announced.

Duke Almodovar de Rio, minister of foreign affairs, says the negotiations for the peace treaty will take place in Paris, but he says the commissioners have not yet been appointed.

The terms of the protocol will not be published until the instrument has been signed.

The press now considers peace a foregone conclusion, and echoes the general impatience to see a termination of hostilities and to know the program for the peace commission, at which it is believed that either Senor Moret or Duke Almodovar de Rio will preside. It is believed that the negotiations will extend into the second half of September.

At the cabinet council the ministers were not unanimous, but there will be no crisis. Sagasta is backed by all the leading politicians of value, and feels himself strong enough to make peace.

Washington, Aug. 12.—It is expected that the French ambassador will call upon the secretary of state today and formally sign the protocol. As soon as the protocol is signed orders will be issued to the army and navy to suspend hostilities.

The American members of the peace commission will be promptly named, although, perhaps, not for several days. Among the score of men under consideration those most favored seem to be Secretary Day, Ambassador Hay, Senators Allison and Gorman and Associate Justice White. Such a commission would represent the three branches of the government, the legislative, executive and judicial, and a commission that would give them all representation will probably be selected.

The commission that will consider the minor details involved in the evacuation of Porto Rico by the Spaniards, and which for convenience and distinction is being termed the military commission, may assemble in Paris for short sessions and then resume its labors on this side of the Atlantic. Its duties will take it to Cuba and Porto Rico, and most of its time will be passed upon these islands. Adj. Gen. Corbin is thought to be slated for a position upon this commission.

War in Porto Rico has already been declared off by this government. So confident was President McKinley that Spain would accept his terms of peace promptly and absolutely that an order was sent to Gen. Miles by cable Wednesday night instructing him to cease hostilities. This important message ran in the following form: "Peace being assured the secretary of war directs that you suspend all hostilities, and so inform the Spanish commander."

It cannot be learned that a similar message has been sent Gen. Merritt at Cavite or Gen. Shafter at Santiago, but in neither case was there need for such haste.

DECIDE ON NEW CAMPS.

Troops to Be Moved at Once—Soldiers Will Be Nearer Home.

Washington, Aug. 12.—The abandonment of the army corps camps at Chickamauga, Jacksonville, Fernandina and Manassas, and the establishment of new camps at Huntsville, Ala.; Lexington, Ky.; Knoxville, Tenn.; and Middletown, Pa., have finally been determined upon by the war department officials, and the work of moving the troops from the old camps will be immediately entered upon. The troops at Fernandina will be sent to Huntsville, one division of the First corps will be sent to Lexington and the other to Knoxville, and the Second division of the Second corps, under Gen. Davis, will go to Middletown. As far as practicable the numerous regiments affected will be so brigaded, divided and stationed as to place them at the camp nearest their respective states, to afford facility in their transportation home at the final disbandment of the troops under the second call, and some of those under the first call.

Eighth Illinois Sells.

New York, Aug. 12.—Col. Marshall's

Eighth Illinois volunteer immune regiment is at last off for Cuba. Its 1,450 men and officers are somewhere on the ocean aboard the Yale and bound for Santiago, where they will assist in garrisoning the place. The regiment, which is the only one in the United States made up of and officered wholly by colored men, sailed from the American line pier at 1 o'clock Thursday.

What It Costs to Fight Spain.

Washington, Aug. 12.—Up to the present time, it is estimated at the treasury department, the actual amount paid out in war expenses since the conflict with Spain began is \$95,000,000. The average daily expense has been about \$800,000. During July it was about \$1,000,000 a day. It is believed, however, that when a final accounting is made the cost will foot up \$1,500,000 a day for the army and navy.

Don Carlos to Declare War.

London, Aug. 12.—A dispatch to the Daily Mail from Biarritz reports continued Carlist activity in Spain. Small bands are causing much agitation in various places. Don Carlos has given the strictest orders that there be no rising until peace shall have been concluded with the United States, when, according to Baron Sigarron, "our rising will take place."

Sends Another Regiment to War.

Indianapolis, Ind., Aug. 12.—The One Hundred and Sixty-first Indiana regiment, organized under the second call, left for Jacksonville, Fla., where it will join the Seventh army corps, under Gen. Lee. W. T. Durbin, colonel of the regiment, and a member of the republican national committee, has been assured that if it becomes necessary to send an army of occupation to Cuba his regiment will be included.

Sagasta Fears Disturbances.

Madrid, Aug. 12.—The New York Tribune correspondent cables: Senor Sagasta is still opposed to convoking the cortes, because the bitterness of discussions likely to ensue might, in his opinion, kindle disturbances in the provinces. Peace being now assured, orders have been issued to remove the torpedo defenses at Cartagena and Cadiz.

To Keep Out Yellow Fever.

Washington, Aug. 12.—Every precaution is being taken by both the war and treasury departments to prevent the introduction of yellow fever into the United States.

Fatal Wreck on the Wabash.

Auburn, Ind., Aug. 12.—A wreck on the Wabash railroad three miles east of Churubusco Wednesday night at 10 o'clock killed two men and demolished or damaged eight box cars loaded with live stock and meat. A man named Truax, who had charge of a car of poultry, was killed outright. The body of an unknown tramp was also found in the debris. The train was a fast freight, No. 30, bound for Buffalo. The wreck was caused by the train breaking in two while running at full speed. Hogs and poultry were killed and injured. The track was blocked for eight hours.

KILLED IN PORTO RICO.

Gen. Schwan Loses Two of His Soldiers.

TROOPS WERE AMBUSHED.

Strong Force of Spaniards Concealed in the Hills Fired on Our Advance Guard—The Enemy Driven from Its Position.

Washington, Aug. 12.—The following was posted at the war department Thursday afternoon:

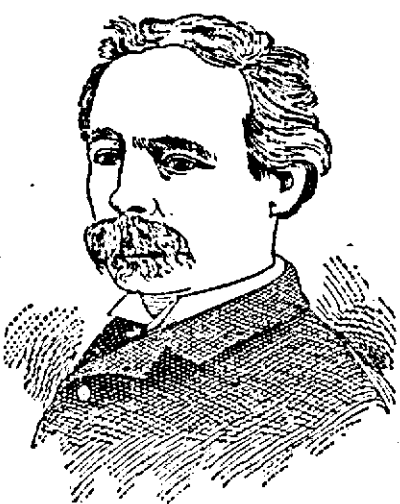

"Ponce, via Bermuda, Aug. 11.—Secretary of War, Washington: Following message received from Schwan: 'Camp, Near Hormigueros, Aug. 10.—Advance guard, including cavalry of this command, while reconnoitering northwest of Rosario river, near Hormigueros, discovered a strong Spanish force, which lay concealed in hills north of Mayaguez road. In the general engagement which followed Lieut. Byron, Eighth cavalry, my aid-de-camp, was wounded in the foot and Private Farmerberger, Co. C, Eleventh infantry, and one other private, were killed, and fourteen enlisted men were wounded. It is reported that the most if not all of the Spanish garrison of Mayaguez and surrounding country, consisting of 1,000 regular and 200 volunteers, took part in the engagement. We drove the enemy from his position, and, it is believed, inflicted heavy loss. A wounded Spanish lieutenant was found and brought in our lines. The conduct of the officers and men was beyond all praise. I propose to continue my march on Mayaguez at an early hour tomorrow.

negotiate the treaty of peace with Spain he will retire from the cabinet.

In view of the certainty that there will be an early vacancy at the head of the state department, President McKinley is giving attention to the question of Secretary Day's successor at the same time that he is considering whom he shall appoint as the other members of the peace commission.

Ambassador Hay, it is understood, is being seriously considered for the place, but the indications point strongly to the selection of Whitelaw Reid of New York.

Mr. Reid's familiarity with public affairs and his wide experience are regarded as qualifying him for the place, and he also has the advantage of sufficient wealth to entertain on a scale commensurate with the dignity of the head of the department charged with the conduct of the foreign relations of the government.

Rich Gold Strikes Reported.

Seattle, Wash., Aug. 12.—The steamer City of Topoka came into port Thursday with the news of two important gold strikes in Alaska. On board was a small party of Klondikers, with perhaps \$50,000 in dust and drafts. One of the new finds is on a small creek emptying into Big Taku river, and it is said the new town of Bennett was deserted in an hour on hearing the news. The other strike is on Baranof island, and is said to be a lake of gold.

To Learn About

OVERALLS AND JACKETS....

We are advertising the LIGHTNING Jumper and Overall, and in response to our ads. a good many railroad men and mechanics are coming here to see what is surely going to be the most popular working suit yet gotten up. A railroad man told us yesterday that just as soon as the railroad boys saw these garments we would sell every engineer and brakeman running out of Janesville. Wish we could. We have surely got the best outfit you ever saw. The convenience of getting into the suit will recommend it to you at first sight.

All Garments Union Made
And Bear The Label....

These Jumpers and Overalls were placed before the delegates of the Brotherhood of Locomotive Engineers at their convention held in St. Louis, May 11th, 1898, and pronounced as being the most practical they had ever seen, and 75 per cent. of them purchased from one to six suits each for personal use. Don't fail to look them up. We have exclusive sale for Janesville. Our salesmen will be pleased to try them on for you and show you their merits.

Clothes Cleaned...

For fall now, and done well. If you wait until there is a rush you don't get good work. Our repair department is busy now cleaning and repairing a lot of the wise ones. Fall in line.
